Best in Beauty Bag

FACE

1. BEST ILLUMINATING BRONZER

Iman Sheer Finish Bronzing Powder (\$16; ulta.com) "It's beautiful as a bronzer, highlighter or an eye shadow," says Rachel Odem of MakeupbyRachelO.com.

2. BEST OIL-ABSORBING POWDER

Fashion Fair Oil Control Pressed Powder (\$22; fashionfair.com) When you want to set your makeup or just need a teensy bit of coverage to keep your face shine-free, this will do the trick every time.

3. BEST NATURAL-LOOKING FOUNDATION

Armani Luminous Silk Foundation (\$59; giorgioarmani-beauty-usa.com) The great range of shades and believable finish scores points with pros. "I love this foundation on darker skin tones. It makes skin look glowy without being greasy," says makeup artist Fiona Stiles.

4. BEST UNIVERSAL BLUSH

Nars Blush in Taj Mahal (\$27; narscosmetics.com) This is the cheek color that gives deeper complexions an I-just-kissed-Tyrese glow. "I have been told that I look like a Greek goddess when I wear this blush," says Tina Thelwell of thefancyface.com.

5. BEST CAMOUFLAGING CONCEALER

M.A.C. Select Cover-Up (\$16.50; maccosmetics.com) To hide imperfections, this little guy is your best bet. "After pulling all-nighters (such is the life of a blogger), I end up with raccoon eyes! This stuff brings my

eyes back to life," says Christina Brown of LuvBrownSugar.com.

6. BEST MAKEUP BRUSH (FACE)

Eco Tools Kabuki Brush (\$7.99; Target) This compact brush

won't hog all the room in your makeup bag. "It's retractable, which makes it much easier to carry with me while traveling," says McKenzie Harris of McKenzieRenaie.tumblr.com
